

Privacy Policy

Overview

This privacy policy describes how Ambient Systems Limited collects and uses information when you visit ambientsystems.ai.

Template notice: Have qualified counsel review this document before high-traffic production use.

Information we collect

- Contact form submissions you choose to send (name, email, message, and optional company fields).
- Basic analytics if you accept cookies and GA4 is enabled (page views, referral source, device type).
- Technical logs from our hosting provider (GitHub Pages or CDN) for security and reliability.

How we use information

- Respond to discovery, pilot, or enterprise inquiries.
- Improve site content and understand aggregate traffic patterns.
- We do not sell personal information.

Cookies

See the cookies policy for details on analytics cookies and your choices.

Contact

Use the contact form on this site or the email address you receive in form confirmations.

Updates

We may update this policy. The effective date will change at the top of this page when we do.

Last updated: July 2026
